PS#15-10

3/07/15

On Saturday, 3/7/15, at approximately 2:16 A.M., uniformed officers, in a marked police vehicle, responded to a shooting in the unit block of S. 2nd Street. The officers received information that a black Cadillac fled the area at a high rate of speed. The officers exited their vehicle and began to run eastbound on the south sidewalk in the 200 block of Chestnut Street. As the officers ran, they observed the black Cadillac turn west, the wrong way, onto Chestnut Street from 2nd Street. The Cadillac then began to drive west on the south sidewalk of Chestnut Street toward the officers. As the Cadillac neared, the officers both discharged their weapons striking the Cadillac, but not any of the occupants. The Cadillac continued driving westbound and crashed into the cyclone fence of a construction zone.

The officers converged on the vehicle and took the driver into custody. There were two other occupants in the vehicle.

There were no injuries as a result of this incident.

A 9mm semi-automatic pistol was found inside the construction site.

^{***} Information posted in the original summary reflects a preliminary understanding of what occurred at the time of the incident. This information is posted shortly after the incident and may be updated as the investigation leads to new information. The DA's Office is provided all the information from the PPD's investigation prior to their charging decision.
