6/1/12

On 6/1/12, at approximately 10:46 A.M., uniform bicycle officers responded to a radio assignment of a male, wearing blue shorts, following a female and exposing himself. The officers observed a male fitting the description in the 400 block of E. Penn St. The officers approached the offender and he fled through an alley. The officers pursued the offender who went to a rear yard. There was a six foot wood stockade fence separating the offender from both officers. The offender threw a large barbeque grill over the fence at one of the officers. The offender then picked up a second barbeque grill to throw at the officer, at which time the officer discharged his weapon at the offender. The offender dropped the grill and climbed over the fence where backup officers were located. A struggle ensued, during which time an officer deployed his Electronic Control Weapon (ECW), at the offender. The offender was apprehended and transported to Albert Einstein Medical Center to have the prongs removed. No other injuries to the offender were reported. No weapon was recovered.
